## 1.0 President's Welcoming Address and Updates

### 1.1. The President, TPr Herlina thanked all members for making time to attend the 16<sup>th</sup> AGM meeting.

Madam President shared some of the key events and achievements that over the challenging last two years and these include:

- Many training sessions have been conducted physically and virtually. The response by members and non-members has been overwhelming, particularly for the virtual trainings such as Sembang Pagi Sabtu and Hard Talk which covered various topics of interests. It was unfortunate that training workshop on SIA which was scheduled for 24-25 May in 2020 had to be postponed indefinitely due to Covid19 (while some registration fees have been returned to those who requested, the rest of the registrants' fees are still in MSIA's Account)
- Collaborations with PLANMalaysia and MIP for formulation of training modules for SIA Consultants.
- Visits to PLANMalaysia HQ and states as well as DOE HQ for discussion to further enhance SIA understanding and requirements in developments or projects.
- Increase in membership where significant number of applications for Ordinary membership has been processed. Number of active Ordinary Members has increased to 106 and Professional Members has increased to 22. She highlighted that some of the applications, especially for Professional membership, have been put on hold as these require more detailed information from the applicants.

Madam President also shared her hopes and aspirations for MSIA which include:

- Incorporation of SIA in the formulation of policies or strategies.
- Increase in the number of Professional Members to 30 – 40% of total MSIA members by mid-2023;
- Rise in the quality of new members who are well trained, knowledgeable and actively involved in the SIA process;
- Further increase the number of trainings and knowledge sharing sessions with members and non-members;
- MSIA to be at par with other professional bodies.

Mdm President also expressed her appreciation to the former President of MSIA, Datin Paduka Dr. Dahlia Rosly and past exco members for all their efforts and hard work in bringing recognition to MSIA.

She thanked her current Exco members for all the support that have been extended to her in the last two years and apologised to the members for any shortcomings. She took the opportunity to wish the new set of EXCO members to be elected all the best in the next two years.

**2.0      Acceptance of the Minutes of the 15<sup>th</sup> Annual General Meeting**

**2.1**      The Minutes of 15<sup>th</sup> Annual General Meeting (Attachment 1) was presented by Mdm President.

**3.0      Presentation and Acceptance of MSIA Annual Report 2020**

**3.1**      The MSIA Annual Report 2020 (Attachment 2) was presented by the President.

**4.0      Presentation and Acceptance of Annual Financial Statement 2020**

**4.1**      The Treasurer, Sdr Andi Muhammad Yusuf, presented the Statement of Accounts (1<sup>st</sup> January 2020 to 31<sup>st</sup> December 2020 (Attachment 3). The Balance Sheet showed that the Net Current Assets stood at RM123,734.06. For the year 2020, MSIA's income was derived mainly from membership fee. Meanwhile, expenditures incurred were mainly general management expenses.

**5.0      Deliberation to Proceed with the AGM**

**5.1**      En. Fathuddin raised the following issues:

- all document to be presented in the 16<sup>th</sup> AGM should be circulated to all members 15 days before the AGM instead of on the day of the meeting. This is stated in Clause 8.4 of MSIA's constitution.
- Validity of previous or 15<sup>th</sup> AGM that was carried out virtually in 2020 as virtual meeting not stated in the constitution.

**5.2**      Dr Bala's response to En Fathuddin is as follows:

- Expressed apology for the delay in sharing the documents presented to members due to constraints under stressed online working conditions.
- 15<sup>th</sup> AGM was carried out virtually due to the Covid19 restrictions which did not allow for large gathering. The MSIA constitution is silent on the matter. Because the 16<sup>th</sup> AGM entailed elections, the Exco decided to seek the advice of ROS in writing for the 16<sup>th</sup> AGM to be conducted online.

**5.3** Other issues or suggestions raised include:

- Puan Nurul Faizah binti Hamzah suggested that all the document to be presented during AGM be shared with members at least one day before the AGM
- Associate Professor Dr. Abdul Abdul Rahim bin Abdul Samad raised the issue that he is not in the MSIA Members Whatsapp Group. Apparently, a few other members have also not been included in the group.
- Ishak Ariffin and Dr. Tan Siew Hooi also raised whether the AGM will be considered null and void and raised concerns over its legal implications.
- Other members such as Dr. Kntayya Marriappan and Dr. Kamaruzaman Ujang are with the opinion that it is not an issue and meeting should proceed.
- TPr Datin Hajjah Mazrina Abdul Khalid proposed that a vote be carried out among the members on the issue raised by En Fathuddin Kamaruddin whether members agreed to proceed or not to proceed with the meeting as it is not done in accordance to the constitution.
- Puan Nurul Faizah binti Hamzah suggested to get consent from the members attending the meeting whether to proceed or not.
- En. Nik Mohd Ruiz bin Nik Ahmad Fakhrul Razy suggested that the meeting record the number of members who agreed or disagree for the meeting to proceed.

**5.4** A poll was carried out to determine whether the members agreed whether AGM should proceed or not.

The results of the poll (Attachment 4) are as follows:

- 87/97 (89.69%) agreed to proceed with the meeting
- 5/97 (5.15%) disagreed to proceed with the meeting
- 5/97 (5.15%) abstain from voting

**5.5** Based on the result of the poll, it was decided that the AGM will proceed as planned.

The decisions of the Committee are subsequently presented to the Executive Committee for its final decision on the applications.

The **Membership Committee** has also successfully eliminated arrears in membership payment for current year. As per the Constitution, efforts are made by this Committee to examine the performance of membership payments by March/April each year.

The **Membership Committee** meets once every 2 months. When the number of committee members who could attend the meeting falls below 4, then the attendance of some members of the Executive Committee is sought to ensure the meeting is held as scheduled.

### Courtesy Visit

On 23<sup>rd</sup> March 2022, several Exco members, led by TPr. Ts. Dr. Gobi Krishna, paid a courtesy visit to the Secretary General of the Ministry of Housing and Local Government, YBhg Dato Noor Azman. Also present was Deputy Secretary General YBhg. Dato Azhar bin Ahmad.

The main intention of the courtesy visit was to explain what MSIA is all about, its functions, goals and aspirations, to exchange and share ideas and views with regards to way forward for the Association. Also discussed was the synergistic collaborative undertakings that could be initiated between the Ministry and MSIA. It is our sincere hope that the courtesy visit will help to enhance meaningful relationship between the Ministry and the relevant agencies under its portfolio and MSIA. Such synergistic relationship and cooperation will indeed help to elevate the Association to a higher level of excellence.

As a takeaway, YBhg Dato KSU suggested that MSIA should work with Institut Latihan KPKT (I-KPKT) to conduct training programs for local authority officials in 'Best Practices in SIA Implementation'. It was also proposed that MSIA should touch base with the Malaysian Association of Local Authorities (MALA) to foster better cooperation and explore potential SIA-related collaborative initiatives between its members.

As Dr Alias is also a member of MSIA, he conveyed his appreciation for the strong role MSIA is playing to promote all aspects of SIA in the country. He also hoped that MSIA will work closely with PLANMalaysia to explore into SIMP monitoring, encourage SIA consultants to participate in the Competency Course under way by PLANMalaysia which also requires MSIA to be part of the training team under PLANMalaysia. He also supports the idea of promoting SIA to local authority officers and encouraged MSIA to work closely with PLANMalaysia to organise a National Conference on SIA before end of this year.

## Introduction

**Publication committee** was established aimed at providing professional and academic publications focussing on social impact assessments (SIA) in Malaysia and in general on disseminating knowledge on social impacts to MSIA members and the general public. Its main function is to educate the public on the essential roles of SIA of development projects, policies and programmes to a wide range of stakeholders that include community, businesses, institutions and other interested parties.

## Publication Committee Report

### Performance of Committee

Several types of publication focussing on SIA and social impacts in general have been planned including:

- i. Write ups on the proceedings of MSIA 'Sembang Pagi Sabtu' and 'Hard Talk' sessions
- ii. A book on SIA practices in Malaysia
- iii. A journal 'Malaysian Review of Social Impact Studies'

Thus far, three write ups on the proceedings of MSIA 'Sembang Pagi Sabtu' and 'Hard Talk' sessions have been digitally published in MSIA web page on 16<sup>th</sup> May 2022. The titles of these publications are:

- i. Mohd Shahwahid H.O., Kuppusamy S., Jahara H.Y. & Abdul Rahim A.S. (eds.) 2022. "Improving Social Impact Management Plan (SIMP) from the Perspectives of SIA Review Panel Members", MSIA Reading Series 1.
- ii. Casey K. C. Ng, Sinniah G.K., Jahara H.Y., Mohd Shahwahid H.O., & Abdul Rahim A.S. (eds) 2022.. "Social Impacts of Coastal Zone Projects on the Fishing Communities", MSIA Reading Series 2..
- iii. Abdul Rahim A.S., Mohd Shahwahid H.O. & Jahara H.Y (eds.) 2022.. "Current Principles & Practices of Social Impact Assessment (SIA): New Zealand's Perspective", MSIA Reading Series No. 3

Tentative plans have been initiated to have a national/international conference in late 2022 or 2023 that would provide a feed into the publication of a book on SIA Practices in Malaysia. Meanwhile, plans are also on the way to establish the journal mentioned above in cooperation with PLANMalaysia.

### Financial Report

By : The Treasurer : Dr Kuppusamy Singaravelloo

## Assets

The Statement of Accounts for the year ended 31 December 2021 witnessed an increase in net current assets from RM123,734.06 in 2020 to RM142,444.09, i.e., an increase of RM 18,710.03 (see Figure 1). This increase was registered despite the constraints posed by the pandemic felt through 2020 and 2021. To sustain its operations, the Association managed to continue collecting membership fees and was also fortunate to have conducted a well-received workshop training in November 2021.

**Figure 1: Net Assets and Net Increase in Assets (RM'000)**

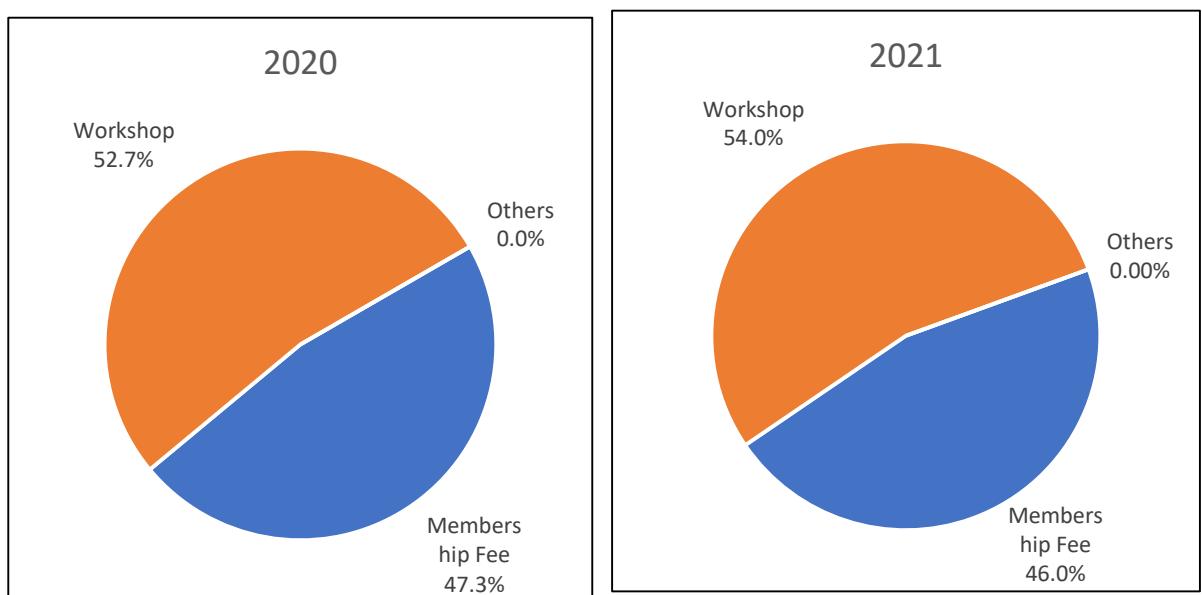

## Income and Expenditure Account

First and foremost, the current statement of account reports an amendment to the account presented in 2020 whereby the balance carried forward on 1 January was stated as RM86,899.34, which otherwise should have been RM81,082.56. This required an amendment to be made to the total income reported in 2020 to RM113,862.56, and thus the total excess of income over expenditure to be RM95,464.02.

Based on the Income and Expenditure Account statement, total income received by MSIA was RM35,070.00 in 2021 as against RM31,500.00 in 2020. The main revenue sources are from (i) Membership Fee, and (ii) Workshop. Beginning 2021, efforts have been made by the management to reduce arrears in membership fees, and this target has been successfully achieved. However, an arrears arising from a mistaken payment to a recipient amounting to RM600 recorded in 2021 has been recouped in May 2022.

As shown in Figure 2, the share of revenue from workshop has increased in 2021 as compared to those in 2020. However, this is partly due to an earlier plan to have the workshop in May only to be postponed due to the need to adhere to a set of standard operating procedures by the government causing some of the registrants to withdraw and requested a refund, all of which were fully granted. The workshop was later held on 15-16 November 2021 with a new set of participants filling the gap.

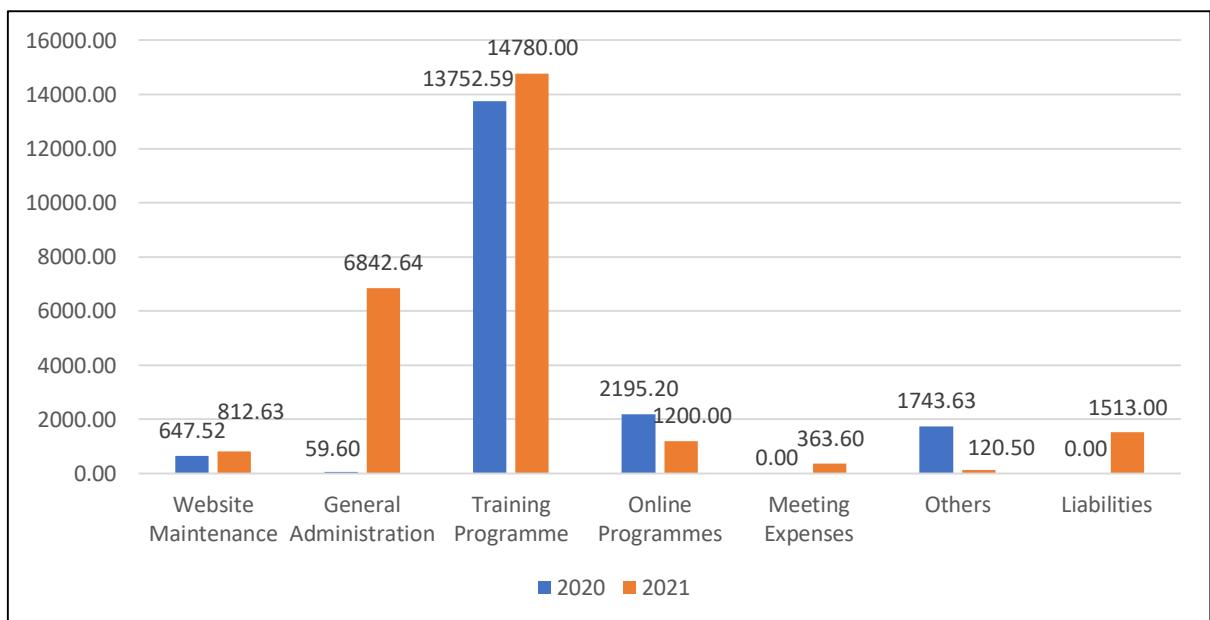

Figure 2: Revenue Sources

Key expenditure categories are (i) website maintenance, (ii) general administration, (iii) training programme, comprising a workshop, (iv) key programmes (Hard Talk and Sembang Pagi Sabtu series, with only Hard Talk series bearing some costs), (v) meeting expenses, (vi) others, and (vii) liabilities.

In terms of expenditures, a significant increase in expenditure is observed in general administration, largely contributed by the allowance paid to a support staff which covered a payment for 2020 as well but was only paid in 2021 (see Figure 3). Likewise, there is an overdue of payment of RM1,513 as payment for the support staff but was for the remaining months of 2021, whose claims were only received and paid in May 2022.

**Figure 3: Expenditure Categories**

As at 31<sup>st</sup> December 2021, total revenue has increased to RM131,602.02 as against RM113,862.56 in 2020, and coupled by a total expenditure of RM25,632.37 by end of December 2021 as against RM18,398.54 by end of December 2020, total excess of income over expenditure has increased from RM95,464.02 in 2020 to RM105,969.65.
